

Paediatric First Aid (Ofsted)

Qualification: ITC Level 3 Award in Paediatric First Aid (RQF)

Duration: 2 days / 12 hours (09.00 - 16.00)

Certificate: 3 years

The current Early Years Foundation Stage (EYFS) statutory framework requires at least one person who has a current paediatric first aid certificate to be on the premises or outing at all times when children are present.

This fun practical course meets the criteria for effective paediatric first aid training found in the EYFS Practice Guidance document. It is part of the Regulated Qualifications Framework (RQF) and is regulated by Ofqual.

It has been developed for workers caring for children in the absence of their parents and has been designed for those who might have to manage any minor or major first aid situations when looking after young children.

This course is therefore ideal for all those working in early years settings including child minders, primary and nursery school teachers, pre-school staff, nannies, play workers, children's centre staff and any other child carers. It also represents the best practice first aid qualification to hold for staff who look after all ages of school children.

With emphasis placed on injuries and illnesses specific to children and babies, this course will give you the skills to cope with most minor or major first aid incidents to ensure that you feel confident dealing with them safely and systematically.

Core content: A systematic approach to incident management, vital signs, recovery position, CPR (child and baby), choking, bleeding, shock, hypo/hyperthermia, head and spinal injuries, fractures, minor injuries, electric shock, burns/scalds, bites/stings, poisoning, eye injuries and common medical emergencies: epilepsy, asthma, anaphylaxis, diabetes, meningitis etc.

Assessment: Continual assessment by trainer observation. Candidates must attend the full 12 hours to qualify.

This course is built by combining two mandatory units of assessment:

UNIT 1 = Emergency Paediatric First Aid (H/506/0792)

UNIT 2 = Managing Paediatric Illness, injuries and Emergencies (D/506/0791)

Certificate: Certified by ITC First and valid for 3 years.

This ITC qualification is regulated by the Office of Qualifications and Examinations Regulation (OfQual) and is part of the Regulated Qualifications Framework (RQF).

ITC First is a recognised awarding body that develops qualifications and approves, supports and verifies the activity of training centres delivering accredited first aid courses and qualifications.

Elements First Aid is a training centre approved to deliver Ofqual, SQA and ITC accredited courses and qualifications.

Established by Flora Schnider in 2006, **Elements First Aid** provide a variety of exceptional first aid courses to groups of individuals in the UK and overseas. Flora is an experienced professional trainer with over 15 years of experience dealing with accidents and emergencies on front line 999 ambulances in central London. She is passionate about fun, practical, relevant first aid training.

Price: £895 for a group to a maximum of 10. Smaller or larger groups can be accommodated. Please contact us for more information.

Price is for a group in your own venue and includes all course equipment - course materials, first aid manuals, resuscitation manikins, handouts, course registration and certification. Travel expenses and accommodation may be at an additional cost depending on course location.
